

L'EUROPEAN SYNCHROTRON RADIATION FACILITY (ESRF)

Elisabetta Narducci (CNR-IOM)
ILO @ESRF and ILO Network Italia

Trieste, Cagliari, Grenoble, Perugia

- **ESRF** is a French no-profit *Société civile* subject to French law
- **ESRF** is an international cooperation of **22 partner nations**, of which 13 are Members and 9 are Scientific Associates

- 27.5% France
 - 24% Germany
 - **13.2% Italy**
 - 10.5% United Kingdom
 - 6% Russia
 - 5.8% Benesync (Belgium, The Netherlands)
 - 5.0% Nordsync (Denmark, Finland, Norway, Sweden)
 - 4% Spain
 - 4% Switzerland
- AS MEMBER STATES**

- 1.75% Austria
 - 1.75% Israel
 - 1.05% Centralsync (Czech Republic, Hungary, Slovakia)
 - 1% Poland
 - 1% Portugal
 - 0.66% India
 - 0.3% South Africa
- AS SCIENTIFIC ASSOCIATES**

- ABOUT 600 staff
- ANNUAL BUDGET OF ABOUT 110 M€ mainly financed by cash contribution by its partner countries (addition of some income from industrial activities and project targeted funding from national and European grants).
- Its direction is the responsibility of the **Director General** and the **Council**, made up of representatives appointed by the Member Countries.

- Each Member State nominates representatives in the Council, in the Administrative and Finance Committee (AFC) and **Industrial Liaison Officers (ILOs) F. D'Acapito & E. Narducci**
- The **role of ILOs** is to provide support to the ESRF in **transmitting information to potential suppliers about forthcoming Call For Tenders (CFTs)** with the aim to achieve a **balanced industrial return** and that the contract is properly fulfilled by the suppliers in terms of technical and financial aspects.
- 2 main specificity of ESRF organization:
- ESRF is not subject to the rules for the public sector concerning the announcement of tendering processes. It applies its internal Financial Rules (approved by its Council). For this reason **the ESRF CFTs are NOT published on the ESRF website** but only THROUGH their ILOs, who can direct the call to relevant potential suppliers in their countries, who are then invited to bid.
- Given the best value for money principle, industrial return to ESRF partner countries **(JUSTE RETOUR) is monitored** (and specific price alignment rules may be applied). It is a task of the ILOs to suggest a significant number of 'good' potential suppliers in all categories in order to foster best balance

A **suppliers' database** is maintained by the ILOs

Category	Company Name	Phone and email	Website	Contacts	Address
----------	--------------	-----------------	---------	----------	---------

Keywords: arredi di laboratorio, cabine insonorizzate, cabine piombo, schede elettroniche, specchi raggi X, rivelatori, Audit, Costruzioni meccaniche / vuoto, Magneti, Clean Room & Laboratori, Lavorazioni granito, Inverters / Alimentatori / Elettronica di potenza, Carpenteria meccanica, grandi dimensioni, Ventilatori/Condizionamento, Editoria, Droni e oggetti volanti, Edilizia, Pulizie, Impianti criogenici / gas, Ristorazione, Lavori di natura Nucleare, Condensatori e Trasformatori, Gruppi di continuità, Batterie, Smaltimento rifiuti, Ion Pumps, Piping, Gaskets, Insulators, Dati, Sistemi antincendio, Macchine utensili, Sorgenti Laser

Potential suppliers wishing to be registered in our database **ARE INVITED TO CONTACT US**
